PROFESSIONAL SUMMARY

Master of Science in Information Technology (MSc IT) student with proven expertise in full-stack web engineering, AI-driven platforms, and network automation. Proficient in Python, MERN stack, Flask, and system sockets, with a track record of building production-grade enterprise software, AI telemetry pipelines, and institutional lab control systems officially deployed for campus operations.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Vite, Bootstrap, Material UI, Figma
- **Backend:** Node.js, Express.js, Python (Flask, REST APIs), PHP, ASP.NET (Current)
- **Databases:** MongoDB, MySQL, PostgreSQL, SQL Server, SQLite
- **Tools & Platforms:** Git, GitHub, Visual Studio, VS Code, Postman

WORK EXPERIENCE

- Nextbuild** | Full Stack Web Development Intern Mumbai, India
- Engineered and deployed multiple full-stack web applications using modern JavaScript frameworks, Node.js, and Python, adhering to responsive UI design standards.
 - Architected RESTful API integrations, modular component architectures, and optimized database queries, significantly boosting app load speed and performance.
 - Collaborated in agile development workflows, sprint planning, code reviews, and end-to-end testing to ensure robust, production-ready software deliverables.

KEY PROJECTS

- AI Health Monitoring & Remote Patient Tracking System** | Telehealth & ML Analytics Engine Ongoing
- **Biometric Telemetry Pipeline:** Built an asynchronous telemetry pipeline to stream continuous vital metrics (SpO2, heart rate, sleep dynamics) from wearable sensors utilizing Google Fit REST APIs and background synchronization.
 - **Predictive ML Analytics:** Trained machine learning classifiers in Python (TensorFlow / scikit-learn) to detect acute physiological anomalies and trigger low-latency push notifications via Firebase (FCM).
- LabControl** | Centralized Computer Lab Management System | College Handover 2025 – 2026
- **Batch Control & Wake-on-LAN:** Engineered a centralized network management system enabling 1-click batch operations (Shutdown, Restart, Sleep) and remote Wake-on-LAN magic packet dispatching across 100+ lab PCs via a React.js web dashboard.
 - **Python Client Agent & Handover:** Developed a multi-threaded Python client agent (sockets, psutil, Win32 API) for real-time telemetry streaming and remote app launch; custom-built and handed over to college for live lab administration.
- Smart Gram Panchayat System** | Rural E-Governance Infrastructure 2025 – 2026
- **E-Governance Automation:** Designed a full-stack digital infrastructure replacing legacy paper-based village administration with automated grievance tracking, scheme application, and public service dispatch modules.
 - **Relational Database & RBAC:** Modeled a high-throughput MySQL database schema with indexed queries, JWT session security, and multi-tier Role-Based Access Control (RBAC) tailored for municipal officers.
- Auditorium Booking System** | Full-Stack MERN Platform | College Handover 2024 – 2025
- **Full-Stack Reservation & GPS:** Developed an end-to-end venue reservation portal using MERN Stack (MongoDB, Express, React, Node), integrating Live GPS Location Verification for geofenced user check-ins; custom-engineered and officially deployed for Kirti M. Doongursee College.
- RLMS (Remote Lab Monitoring System)** | IoT & Infrastructure Monitoring 2023 – 2024
- **IoT Management & State Award:** Designed a remote lab monitoring system to track hardware states and software environments in real-time; selected among the Top 20 Teams state-wide out of hundreds of entries at the Maharashtra State Skills University (MSSU) Competition.

EDUCATION

- Kirti M. Doongursee College, Dadar, Mumbai** | Master of Science in Information Technology (MSc IT) 2026 – Present
- **Status:** Pursuing MSc IT (Enrolled 2026)
- Kirti M. Doongursee College, Dadar, Mumbai** | Bachelor of Science in Information Technology (BSc IT) July 2022 – April 2025
- **Academic Grade:** CGPA - 7.10
- Gandhi Baal Mandir High School** | Secondary School Certificate (SSC) 2019
- **Academic Grade:** Percentage - 68.00%

CERTIFICATES & ACHIEVEMENTS

- **1st Place Winner:** Hackathon at Kirti M. Doongursee College (Jan 2025) & Connexxa Hackathon (Dec 2023)
- **State & University Level:** Top 20 Finalist (MSSU Ideation Competition 2024) | Zonal Participant (19th Aavishkar, Mumbai University 2024)
- **Professional Certifications:** Coursera Certifications | IBM SkillsBuild (AI, Critical Thinking) | SoloLearn (Full Stack, Python, C++, SQL)
